Press Release

ANIMAL HOSPITAL INC. VETERINARY PRACTICE RECEIVES ACCREDITATION

The American Animal Hospital Association recognizes Animal Hospital Inc. with its accreditation

Willoughby Hills, OH Animal Hospital Inc. has received accreditation following a comprehensive evaluation by the American Animal Hospital Association (AAHA). The evaluation includes a quality assessment review of the hospital's facility, medical equipment, practice methods and pet health care management.

Only 12 percent of all small animal veterinary practices in the U.S. have achieved accreditation by the American Animal Hospital Association. This makes Animal Hospital Inc. one of only two accredited veterinary hospitals in Lake County, Ohio. They are the only practice that also offers pet boarding to have this high honor. In order to maintain accredited status, Animal Hospital Inc. must continue to be evaluated regularly by the associations trained consultants.

"Animal Hospital Inc. veterinary practice and boarding facility belongs to a select group of practices that are committed to meeting the highest standards in veterinary medicine," says Thomas A. Carpenter, DVM, AAHA President. "AAHA hospitals pass a stringent evaluation of more than 900 standards covering patient care, client service and medical protocols. By attaining accreditation, Animal Hospital Inc. is demonstrating its dedication to offering the best care to its patients and clients".

Animal Hospital Inc. is located at 2735 SOM Center Rd in Willoughby Hills, Ohio and was established in 1961. They offer complete medical and surgical care, luxury boarding, grooming and six levels of obedience training. Kelli Sue Kerwin, CVPM, Hospital Administrator says they currently have 46 employees, which includes four general practice veterinarians and a double board certified specialist that sees patients by referral only. Kerwin states, "We are currently looking for an experienced fifth veterinarian to join our growing practice". You can learn more about Animal Hospital Inc. by visiting their website at www.animalhospitalinc.com.
